Dear Josh,

Enclosed are the MSS I promised. After editors comments were taken into account, the papers (which will appear in J. G. M. in Dec.) turned out a trifle different - & a bit improved. But these MSS are pretty close to the final form. Sorry one is incomplete - I have no other copy.

Our summer was splendid. I've lost weight & am as hard as nails. Same with Dave - the girls are just hard.

I was distressed to learn upon my return that 'Moeurs'

summer at WH was such a fiasco. I wish I had been with him. What I have heard thus far, except from him, has been multiple-handed. I'm trying to get original sources & wonder whether you would care to give me your impressions. Moewus told me you talked with him.

I still have confidence in the fellow & am continuing my plan to try & repeat some of his experiments.

1 Regards to Esther

Sincerely,
Francis
